

Jinho Cha, Ph.D. | Curriculum Vitae

Faculty, Computer Programming – Gwinnett Technical College

Lawrenceville, Georgia, USA

✉ jcha@gwinnettech.edu • [Research Website](#) • [Google Scholar](#) • [ORCID](#)

ACADEMIC PROFILE

Quantitative business researcher developing data-driven decision systems at the intersection of business analytics, operations and decision sciences, and artificial intelligence.

Research Fields: Business Analytics; Operations & Decision Sciences; AI-Enabled Decision Making; Predictive-Prescriptive Analytics; Revenue Management; Supply Chain & Logistics Analytics; FinTech & Digital Business.

Methodological Expertise: Machine Learning; Statistical Modeling; Stochastic and Robust Optimization; Inverse Optimization; Simulation; Data-Driven Decision Intelligence under Uncertainty.

Managerial Application Domains: Service Operations; Revenue and Capacity Management; Digital Platforms; Healthcare Analytics; Transportation and Logistics; Technology-Enabled Decision Systems.

EDUCATION

Clemson University <i>Ph.D. in Industrial Engineering</i>	Clemson, SC, USA 2015
University of Florida <i>M.S. in Industrial Engineering</i>	Gainesville, FL, USA 2012
Texas A&M University <i>M.S. in Industrial Engineering</i>	College Station, TX, USA 2007
Korea Military Academy <i>B.S. in Electronic Engineering</i>	Seoul, South Korea 1999

ACADEMIC & RESEARCH APPOINTMENTS

Computer Science Division, Gwinnett Technical College <i>Faculty, Computer Programming</i> Conduct AI/data research while teaching programming and computational problem solving.	Lawrenceville, GA, USA 2025–Present
Korea Research Institute for Defense Technology Planning and Advancement (KRIT) <i>Senior Researcher</i> Led and contributed to quantitative R&D spanning analytics, simulation, logistics, technology evaluation, and data-driven decision support.	South Korea 2021–2025
Korea Military Academy <i>Assistant Professor, Department of Mathematics</i> Taught probability, statistics, linear algebra, linear programming, and calculus; conducted quantitative research. Concurrent appointment: Head of Strategic Planning, Army Culture Innovation Center.	Seoul, South Korea 2017–2021
Republic of Korea Army Headquarters and Joint Chiefs of Staff <i>Military Operations Analyst / Operations Research</i> Applied simulation, operations research, and quantitative decision methods to large-scale planning and multinational operational exercises.	South Korea Prior to 2017

Regular.....

All items are regular full-length journal articles. Published and accepted articles are listed together; accepted items are identified explicitly. Jinho Cha's name is shown in bold; * denotes corresponding author. Bibliographic details follow verified journal records where available.

- [J1] Cha, J.* (2026). *Dynamic Inverse Optimization under Drift and Shocks: Theory, Regret Bounds, and Applications*. **IISE Transactions**. Accepted for publication; final publication checks completed. (Sole Author and Corresponding Author)
- [J2] Cha, J.* (2026). *Machine Learning-Driven Overbooking Optimization under Dynamic Cancellation Risk: Evidence from Hotel Revenue Management*. **Computers & Industrial Engineering**, 222, 112341. DOI: [10.1016/j.cie.2026.112341](https://doi.org/10.1016/j.cie.2026.112341).
- [J3] Cha, J., & Lim, S.Y.* (2026). *Bidirectional Calibration-Robust Booking Control under Heterogeneous Cancellation Risk*. **Journal of Industrial and Management Optimization**. Accepted for publication.
- [J4] Shin, H.K., Lee, C., Cha, J., Kil, M., & Choi, J.* (2026). *Adaptive Switching Optimization for Heterogeneous Decision Modules under Operational Uncertainty*. **Journal of Industrial and Management Optimization**, 22(8), 4088–4137. DOI: [10.3934/jimo.2026144](https://doi.org/10.3934/jimo.2026144).
- [J5] Cha, J.*, Pham, L., Minh Ngo Thi, Ho Thi Hien, & Hai Thi Bich Vu (2026). *Distributionally Robust Automation under Overdispersed Count Risk: Ambiguity Sets, Tail Protection, and Oracle-Relative Policy Gap*. **Journal of Industrial and Management Optimization**, 22(8), 4039–4087. DOI: [10.3934/jimo.2026143](https://doi.org/10.3934/jimo.2026143).

TEACHING PROFILE

TEACHING INTERESTS.....

Business Analytics; Operations Management and Decision Models; Applied Statistics for Business; Predictive–Prescriptive Analytics; Data Analytics and Programming for Business; AI for Managerial Decision Making; Optimization and Quantitative Methods.

TEACHING EXPERIENCE.....

Computer Science Division, Gwinnett Technical College	Lawrenceville, GA, USA
<i>Faculty, Computer Programming</i>	<i>2025–Present</i>
Courses taught: CIST 2371 – Java Programming I; CIST 1305 – Program Design and Development.	
Terms taught: Summer 2025; Fall 2025; Spring 2026; Summer 2026; Fall 2026.	
Department of Mathematics, Korea Military Academy	Seoul, South Korea
<i>Assistant Professor</i>	<i>2017–2021</i>
Courses taught: Calculus I; Calculus II; Advanced Calculus (Multivariate); Differential Equations; Linear Algebra; Probability and Statistics; Linear Programming; Theory of Probability.	
Student evaluation ratings exceeded 4.5/5.0 across listed courses.	
Department of Industrial Engineering, Clemson University	Clemson, SC, USA
<i>Teaching Assistant</i>	<i>2013–2015</i>
Courses supported: IE 4610 – Quality Engineering; IE 4620/6620 – Six Sigma Quality.	
Clemson University Center for Workforce Development	Clemson, SC, USA
<i>Research Assistant</i>	<i>2012–2013</i>
Contributed to a Six Sigma-based operational improvement project.	

RESEARCH GRANTS & SPONSORED PROJECTS

Selected funded projects; roles, sponsors, award amounts, and periods are shown consistently.

Co-PI • Fast-Track to Full Stack: Empowering Junior Developers <i>NITIC Mini-Grant Program, Gwinnett Technical College</i> Funded project supporting junior-developer training and applied computing education.	\$10,000 2025–2026
Co-PI • Smart Grader: AI-Based Programming Assessment Platform with Blockchain Logging <i>NITIC Mini-Grant Program, Gwinnett Technical College</i> Funded project on AI-assisted programming assessment and verifiable learning records.	\$10,000 2025–2026
Project Manager • Development of Korea Military Fiber Ammunition Container <i>Ministry of National Defense, Republic of Korea</i> Led a national R&D program from problem definition and analytical design through validation and implementation.	\$1,000,000 2021–2024
Co-PI • Development of Intelligent Coastal Surveillance System <i>Korea Army Training and Doctrine Command</i> Co-led a surveillance-system R&D project integrating sensing, analytics, and decision-support capabilities.	\$750,000 2020–2022
PI • Cost and Operational Analysis of Army Scientific Training Systems <i>Republic of Korea Army</i> Led quantitative cost and operational analysis for scientific training-system decisions.	\$100,000 2019–2020
Co-PI • Cost Analysis of Armored Vehicle Development <i>Defense Agency for Technology and Quality</i> Conducted cost-analysis research supporting defense acquisition and technology decisions.	\$200,000 2018–2019
PI • Study on Officer Human Resource Acquisition and Development <i>Republic of Korea Army</i> Led data-informed analysis of officer acquisition and human-resource development.	\$200,000 2018–2019
Co-Project Manager • Maintenance Project for Ground Warfare Model at Corps Level and Above <i>Republic of Korea Army</i> Co-managed maintenance and analytical support for a large-scale ground-warfare simulation model.	\$450,000 2007–2010

HONORS & AWARDS

Presidential Commendation for Contributions to National Defense Capability Enhancement	Republic of Korea, 2025
Ministerial Commendation for Enhancements to Logistics Requirements System	Ministry of National Defense, 2023
Army Chief of Staff Commendation for Contributions to Army Innovation	2019
Superintendent’s Citation, Korea Military Academy	2018
Chairman of the Joint Chiefs of Staff Commendation	2017

CONFERENCE PRESENTATIONS & INVITED TALKS

[1] **Cha, J.** (2026, May 15). *A Study on Educational Innovation at the Korea Military Academy Using Artificial Intelligence*. National Defense Innovation Seminar, Korea Military Academy, Seoul, South Korea.

[2] **Cha, J.** (2025). *Smart Contract Adoption Decisions under Discrete Overdispersed Demand: A Negative Binomial Optimization Perspective*. INFORMS Annual Meeting, Atlanta, GA, USA, October 23, 2025.

[3] **Cha, J.** (2024, May; 2024, November). *Development Measures for Combatant Supporting Systems using AI for Military*. Invited Lecture, Military AI Requirement Planning and Project Management Program,

Sungkyunkwan University, Pangyo, South Korea.

- [4] **Cha, J.** (2023, August). *Military R&D Development Direction of the Korean Armed Forces*. Invited Lecture, Korea Military Academy, Seoul, South Korea.
- [5] **Cha, J.** (2023, May; 2022, May; 2022, November). *Strategic Applications of Artificial Intelligence in Combat Support and Defense Systems*. Invited Lecture, Sungkyunkwan University, Pangyo, South Korea.
- [6] **Cha, J.**, Han, C.H. (2019). *Analysis of Military Culture in the Army Using Big Data Techniques*. 12th International South Korea Army Modeling & Simulation Education Conference, Daejeon, South Korea, November 19–20, 2019.
- [7] **Cha, J.**, Krenek, R., Cho, B.R. (2017). *Zippping and Re-zipping Methods to Improve the Precision and Accuracy of Manufacturing Processes*. Industrial Engineering Research Symposium, Clemson University, Clemson, SC, May 2017.
- [8] **Cha, J.**, Kim, Y.H. (2015). *A Study on the Federation Security System for the War Game Models for the U.S. and R.O.K Combined Forces Exercise*. 9th International Army Modeling & Simulation Education Conference, Daejeon, South Korea, November 8–9, 2015.
- [9] **Cha, J.**, Krenek, R., Cho, B.R., Sharp, J.L. (2015). *Development of Statistical Inference using Truncated Statistics with Military Applications*. IIE Annual Conference and Expo, Nashville, TN, May 2015.
- [10] **Cha, J.** (2009). *Increasing Interoperation with the US Army's Ground War Game Model*. Ground Weapon Conference, Daejeon, South Korea, June 2009.
- [11] **Cha, J.** (2008). *Performing Interoperation Analyses of Artillery, Aviation, and Air Defense Functions in Ground War-Game Models between U.S. and R.O.K Combined Exercise*. Military Operations Research Conference, Seoul, South Korea, May 2008.

PROFESSIONAL SERVICE

JOURNAL PEER REVIEW.....

- Ad Hoc Reviewer, **ACM Transactions on Knowledge Discovery from Data (TKDD)**, 2026.
- Reviewer, **Sustainability; Applied Sciences; Mathematics; and Artificial Intelligence** (MDPI journals).
- Additional ad hoc peer-review service in operations research, artificial intelligence, analytics, and decision-support applications.

PROFESSIONAL & COMMUNITY AFFILIATIONS

- **Vice President**, The Korean Veterans Association, Southern Regional Chapter USA.
- **Member**, Korea Defense Veterans Association (KDVA).

GOVERNMENT & TECHNICAL REPORTS

- **Cha, J.** (Co-Author). *2025–2034 National Defense Force Support System Requirements Plan (Public Edition)*. Ministry of National Defense and Korea Research Institute for Defense Technology Planning and Advancement (KRIT), 2024.

Curriculum vitae audited and updated September 6, 2026.
